For the past 100 years, Renault has been one of the motor industry’s most notable innovators. But we have never been motivated by a purely abstract notion of progress. Our objective has always been a purely practical one: to serve the needs of the people who use our vehicles. We know that it is not for people to adapt to our cars, but for our cars to adapt to people.

This is why we believe, for instance, that a response to the environmental challenges of the 21st century should involve a lot more than taking measures to reduce CO2 emissions. Every motor vehicle has an impact upon the environment, not only during its service life, but before and after it as well. This is why Renault eco2 vehicles are produced in environmentally responsible, ISO 14001-certified factories, it’s why our eco2 cars emit less than 140g of CO2/km and why they are not only 95% recyclable but actually use already-recycled plastic materials in their production.

Reassuringly, the occupants of today’s Renault cars are protected more completely and more effectively than ever before. The effectiveness of our innovative new safety systems is underwritten by rigorous analysis and testing. And equally importantly, having established that the systems truly do work, we fit them “as standard” to every vehicle we make. As a result, Renault is the only marque in the world able to offer 10 vehicles with the maximum rating of 5 stars in the Euro NCAP* crash tests.

In our view, progress is not progress unless it is shared by all. This is why every Renault offers a unique combination of build quality, comfort, road holding, ergonomics, safety and environmental protection “all under the banner of the Renault standard. And if that title sounds a little ambitious, its intention couldn’t be clearer” it is, quite simply, to make your life better.

* An independent body; results measured for adult occupants.
THE RENAULT GRAND SCENIC 7 SEAT: A CAR FOR THE WHOLE FAMILY. AND IF ITS SIZE WEREN’T ENOUGH TO PERSUADE YOU, THE GRAND SCENIC DOTS THE I’S AND CROSSES THE T’S FOR INNOVATION AND TECHNOLOGY, WITH UP TO SEVEN SEATS AND ENDLESS STORAGE OPTIONS. A CAR FOR ALL JOURNEYS.
SLEEK STYLING AND DRIVING PLEASURE

WITH FLEXIBILITY AND COMFORT…
NEW GRAND SCÉNIC HAS IT ALL.

With its striking lines and fluid design, the New Grand Scénic has dynamic, distinctive styling. Its sloping roofline and boomerang-shaped rear lighting add to its overall streamlined looks. And the New Grand Scénic stands out as one of the roomiest compact seven-seat people carriers on the market.
TO GIVE YOUR FAMILY AND FRIENDS A LIFT,

NEW GRAND SCENIC SEATS UP TO SEVEN.
The New Grand Scénic offers innovative space for your active lifestyle. Comfortable, roomy and adaptable, no one is left out. Even third row passengers, whose seats can be folded away, enjoy easy access, generous headroom and class-leading legroom. Quite simply, the New Grand Scénic beats everything else for third row spaciousness. And thanks to the fold-down, sliding second row seats, the New Grand Scénic can easily carry all types of loads. Its generous boot can hold up to 702 litres and once the second row seats are removed, this capacity increases to over 2,000 litres. Big enough for any challenge that daily life throws at it.
WHEN YOU NEED MORE SPACE,

YOU’LL BE GLAD YOU CHOSE NEW GRAND SCENIC.
Renault designers take pride in producing interiors that are easy to live with, well thought-out, spacious and aim to meet drivers’ and passengers’ needs. The New Grand Scénic is no exception – offering a groundbreaking 92 litres of interior storage, making it best in class. There are practical and accessible storage options available to everybody: from large drawers under the seats and underfloor lockers on the first two rows, to a cooled 11-litre glove box, spacious sliding centre console, cup holders, door pockets, and so on. Toys, magazines, drinks, electronic equipment and all your travel essentials can be stored within easy reach.
FOR FAMILY TRAVEL...

THE FUTURE STARTS TODAY.
Let’s start with TFT (Thin Film Technology) - exclusive to the New Grand Scénic. Behind these three letters lies the future of the dashboard. Turn the ignition on and the colour screen offers a clearer, more detailed range of information than the traditional dials and indicator lights, automatically displaying the right information at the right time. You can even customise the look of the dashboard and display colours to suit you.

And because it’s not always easy to park in towns, tight spaces or busy car parks, New Grand Scénic has combined the audible parking proximity sensor with two visual parking systems. The reversing camera displays an image on a colour screen to pinpoint any obstacles accurately. Then, radar sensors signal the presence of the obstacle, using repeated beeps which increase in frequency the closer the car gets to it.
SAFETY FOR YOU AND YOUR PASSENGERS

WHEN YOU HAVE SEVEN SEATS, YOU CAN BE SEVEN TIMES MORE DEMANDING.

Naturally, being a Renault, safety for all is paramount. With stable and reassuring roadholding, the New Scénic is equipped with driver aids designed to maximise control: ABS braking, ESP (Electronic Stability Programme) and ASR anti-skid control… the list goes on. Then, there’s the third generation Renault SRP (System for Restraint and Protection), which gives you six airbags (two auto-adaptive frontal, two lateral with thorax and pelvis protection and two curtain) and pretensioner seatbelts for front and rear seats.
FAMILY LIFE HAS DIFFERENT DEMANDS…

JUST AS WELL THAT NEW SCENIC COMES IN TWO DIFFERENT LENGTHS.

WHy MAKe THiNGS COMPLiCATED
WHen YOU CaN MAKe THem ScENiC?
Family life has different demands - just as well that the New Scénic comes in two different versions: Grand Scénic 7 Seat and Scénic 5 Seat. As well as being easy to manoeuvre and a pleasure to drive, New Scénic also looks good. The central grille is flanked by satin-effect chrome finish air intakes. These stylish looks are reinforced by the sleek and elegant headlights. And the front bumper, with its strong, dynamic design, accentuated by side protective mouldings and a high beltline, is a tell-tale sign of its outstanding safety.
With the New Scénic, ergonomics take on a new dimension. It’s simple: no other vehicle in its class pays so much attention to your comfort and that of your passengers. The driver’s seat offers a wide range of controls enabling everyone, regardless of shape and size, to travel in safety and benefit from the exceptional visibility the New Scénic offers. The centre console houses controls that fall easily to hand, while in the rear, space is extremely generous in terms of headroom, legroom and width. Making the most of this huge space, the New Scénic offers a class-breaking 80 litres storage capacity.
Fitted with the new integrated navigation system developed exclusively by Renault and TomTom®, the New Scénic makes navigation a breeze. World-leading satellite navigation manufacturer TomTom® is renowned for its user-friendly equipment. Simple to operate and update, this new navigation system warns you of danger areas and speed restrictions. It also provides continuous guidance, even when the satellite signal is lost, and is an integral part of the dashboard. No more giveaway wires or suckers on the windscreen... it's made to match the interior design perfectly, and gets you to your destination with ease.
Exceptional roadholding, for exceptional driveability: that’s the aim. With the front and rear wheels at equal width, the New Scénic offers unrivalled balance and directional stability. The comfort and precision are equally superb on bends and wet surfaces. For responsiveness, it’s backed by understated, high-performance engines that accelerate freely, particularly with the dCi 160 diesel and TCe 130 petrol. All engines promise reduced consumption and CO₂ emissions. New to the Scénic is a CVT (continuously variable transmission) gearbox that can be matched to the 2.0 VVT 140 engine. CVT transmission gives a smooth, efficient and quick rate of acceleration. Also available is the dCi 150 engine which comes with a 6-speed sequential shift proactive gearbox. So with the New Scénic, a people carrier can be environmentally responsible and rewarding to drive.
1. SUNROOF
The large electric sunroof, which opens at the front, allows as much light as possible into the interior.

2. LIGHT AND RAIN SENSORS
Enable automatic headlight illumination and activation of the front windshield wipers when conditions dictate.

3. DUAL ZONE CLIMATE CONTROL
The dual-zone climate control allows the driver and front passenger to select a temperature to suit them. ‘Auto’ mode provides balanced temperature control, and ‘Fast’ or ‘Soft’ modes can be selected to adjust the temperature or noise level as desired.

4. FRONT SEATS
Adjustable electric and heated.

5. ELECTROCHROME REAR VIEW MIRROR
Progressively darkens as the level of light increases to prevent dazzle.

6. FRONT SUN VISOR AND READING LIGHT
Offer comfort and convenience, for both day and night driving.

7. SECOND ROW LATERAL AIR VENTS
For added comfort, rear passengers can adjust their own ventilation settings.

8. ADAPTABLE HEADRESTS
With lateral, height and tilt adjustment for supreme comfort.

9. SUNBLINDS
For thermal insulation and increased privacy for second and third row passengers.

---

1. HANDS FREE RENAULT CARD
Just keep the card with you, and the car will unlock and the ignition will start automatically. If you move away from the vehicle, the doors will automatically lock.

2. CLASSIC BLUETOOTH® NAVIGATION AND 3D SOUND BY ARKAMYS®
The digital sound processing customised by Arkamys® for the New Scénic comprises eight 140W speakers that provide high-quality 3D sound. Volumes can be adjusted using ‘Driver only’ and ‘Silent at rear’ functions.

3. BLUETOOTH® DVD
Managed from the multimedia central control panel, the Bluetooth DVD combines a range of functions: a cutting-edge navigation system with European maps on DVD and 3D view, a high-performance, dash-mounted audio system with MP3-compatible 6 CD changer, a hands-free Bluetooth® telephone console, USB connection and multi-functional TunePoint. All information is displayed on a 7” colour screen.

4. MULTI-FUNCTIONAL TUNEPOINT
Connect your digital MP3 player using the USB and iPod® ports, and control the system using the steering wheel controls.

5. CRUISE CONTROL AND SPEED LIMITER
The cruise control function allows you to set a cruising speed or maximum speed using controls on the steering wheel. Information is displayed on the LCD screen with TFT (Thin Film Technology). For example, with cruise control, your “set” speed is shown in a green strip. If you exceed this speed, the strip turns red.

6. FRONT AND REAR PARKING PROXIMITY SENSORS
Making parking manoeuvres easier: the parking proximity sensors alert you to any obstacles in front or behind with a sequence of beeps that get faster as you approach the object, combined with a visual warning on the LCD screen.

7. AUTOMATIC PARKING BRAKE
When the engine is turned off, the handbrake is automatically engaged. When you move off, the handbrake is released.
THE SCENIC EXPERIENCE

1. NEW GRAND SCENIC BOOT
With a storage capacity of up to 702 dm³ (the repair kit frees up additional storage space under the floor).

2. ACCESS TO THIRD ROW SEATS
The outer seats in the second row are easy to move forwards and backwards, giving you easy access to the third row of seats.

3. MAP POCKETS
On the backs of the front seats, the map pockets provide rear passengers with maximum storage space. With two small pockets for crayons and a large pocket for books, games, etc., the kids will love it!

3. AVIATION TABLE
Fitted on the backs of both front seats, with cup holder.

4. THIRD ROW STORAGE
Each third row passenger has their own cup holder, and the passenger on the left even has a closed storage box that can hold a volume of 2.2 litres.

5. SLIDING CENTRE STORAGE
With its many compartments, the sliding centre storage console is both practical and ingenious. The storage capacity is a very generous 8.4 litres* or 9 litres**. Ideal for keeping essentials close to hand, the armrest can also be used to store your smaller items.

6. GLOVE BOX
The generously proportioned 11-litre glove box is lit and cooled.

* With Carminat Satellite Navigation.
** Without Carminat Satellite Navigation.

SAFETY

1. BI-XENON DIRECTIONAL HEADLIGHTS
The headlights provide an intense light closely resembling daylight, making it easier to anticipate hazards and stay in control. What’s more, the light beam follows the angle of the steering wheel to light bends in the road and take corners with greater precision and control.

2. FRONT FOG LIGHTS
Improve visibility in foggy or rainy conditions.

3. SEATBELTS
To reduce the force of impact, the system uses a dual pretensioner in the front seats.

4. ESP (ELECTRONIC STABILITY PROGRAMME)
Works with ASR Traction Control and Understeer Control to maintain vehicle stability under difficult driving conditions.

5. ABS (ANTI-LOCK BRAKING SYSTEM) WITH EBD (ELECTRONIC BRAKE DISTRIBUTION)
Combined with Brake Assist, these systems help the driver keep control of the vehicle.
Both versatile and practical, the interior of the New Grand Scénic can be altered to suit you. Whether travelling as a family or with friends, or carrying bulky loads… it adapts to all your needs. With New Grand Scénic, you have the ultimate in flexibility, comfort and convenience.

The boot of the New Grand Scénic is huge, offering storage space of up to 702 dm\(^3\).

The New Scénic has five individual seats and is just as practical and adaptable as the New Grand Scénic. Fold your seats up or down as you like… it really is that easy. Shifting equipment, having a last-minute weekend away… space will never be a problem.

The New Scénic has a loading capacity of up to 555 dm\(^3\).
1. **TOW BAR-MOUNTED CYCLE CARRIER AND ROOF BOX**
The tow bar-mounted cycle carrier provides easy access to the boot via its folding function. The Touring Line roof box can be mounted onto existing aluminium roof bars.

2. **ALUMINIUM ROOF BARS**
Sturdy and totally in keeping with the design of your New Scénic, the Touring Line aluminium roof bars are easy to install and can be fitted with a range of other Renault accessories.

3. **SWAN-NECK TOW BAR**
With the swan-neck towbar the towball is part of the neck. This type of bar looks neat and tidy, and it is possible to dismantle the ball-joint with tools.

4. **QUICK RELEASE TOWBAR**
This towbar retains the aesthetic lines of your New Scénic, as it can be removed without tools in a matter of seconds.

5. **‘AVANZA’ ALLOY WHEELS**
Designed for both appearance and safety, the ‘Avanza’ alloy wheels will give your car a customised look, adding elegance and dynamism.

6. **KIDFIX CHILD SEAT**
Designed for children of between 4 and 10 years old, it is front-facing and comes with or without ISOFIX mounting.

7. **MULTI-FUNCTION TUNEPOINT**
Allows you to connect and control your digital music player using the radio controls on the steering wheel, whilst the jack allows you to connect any audio source whatsoever.

* Check with your Renault Dealer for availability

** Check with your Renault Dealer for availability. Only available on selected models.
1. DEFLECTORS
Allow you to drive with the windows down, without the wind and rain causing you discomfort.

2. MUD FLAPS*
Front and rear mud flaps protect the bodywork from scratches caused by gravel or mud on the road.

3. ARMREST STORAGE*
Fitted to the back of the central armrest thanks to a built-in hook, this offers handy additional storage space.

4. PORTABLE STORAGE BOX*
Positioned in the rear central seat, this useful box can also be used as an armrest.

5. ‘NOMAD’ COOLBOX
Keeps food and drinks cool during long journeys. Easy to carry, this accessory attaches to the seat using the rear seatbelts.

1 AND 2. FLOOR MATS
Made to measure and 100% in keeping with the original trim, Renault mats are of the highest quality and complement your vehicle’s carpet.

3. REVERSIBLE BOOT CARPET
Designed specifically for your New Scénic, the reversible boot carpet (one side carpeted, the other side rubber) helps keep your boot clean, whatever you are transporting.

4. TEMPORARY BOOT PROTECTORS
The made to measure protectors are the perfect way to temporarily protect your boot from damage and spills. When they are not needed, they are easy to store away in a compact case.

5. BOOT BOX
Designed specifically for your New Grand Scénic, the boot box is anti-slip and can be wiped clean.

EXTREME
Modern and discreet.
New Scénic Extreme has
stylish ‘Squares’ upholstery
in dark grey (1), and offers
air conditioning and a
height adjustable driver’s
seat as standard.

EXPRESS
Comfort and well-being.
For made-to-measure comfort, the driver’s
seat and headrests can be adjusted in a
number of ways. Available in dark (2)
interior trim with ‘Pleven’ upholstery.

DYNAMIQUE & TOMTOM EDITION
Sporty and practical.
The dark charcoal leather steering wheel,
chrome door handles and dash-mounted
multi-function colour screen with TFT
technology enhance the New Scénic’s
character. The upholstery is available in
dark charcoal cloth (3) or leather (4).
Sophisticated good looks. Dual zone climate control and electric folding door mirrors emphasise the style and elegance of the New Scénic. The upholstery is available in mocha or beige cloth, or optional mocha (5) or beige (6) leather upholstery.

**COMFORT AND DRIVING**
- Accessory power proof / Cigarette lighter
- Digital centre display with multi-functional trip computer and warning system
- Double optic headlights with ‘See Me Home’ function
- Front and rear underfloor storage
- Height and reach adjustable steering wheel and height adjustable driver’s seat
- Keys in car with Renault card
- Retractable luggage cover
- Storage trays under front seats
- Variable power-assisted steering

**SAFETY AND SECURITY**
- ABS with EBD (Electronic Brake Distribution)
- Brake assist
- Deadlocking
- Driver and front passenger two-stage auto adaptive airbags
- ESP (Electronic Stability Programme)
- Front and rear curtain airbags

**CORE FEATURES**
- Front electric windows with anti-pinch facility
- Driver’s seat height adjustment
- Cruise control and speed limiter
- Renault hands free keycard
- Rear lateral air vents
- Passenger seat height adjustment
- 16” alloy wheels (except on dCi 160 and dCi 150)
- 17” alloy wheels (on dCi 160 and dCi 150)
- Leather steering wheel
- Automatic headlights
- Automatic windscreen wipers
- Multi-functional TunePoint (MP3 connectivity)
- Bluetooth

**TOMTOM EDITION ADDITIONAL STANDARD EQUIPMENT TO DYNAMIQUE (INCLUDES CORE FEATURES ABOVE)**
- Carminat TomTom (3)
- Illuminated sun visor mirrors
- Electric folding mirrors
- Automatic windscreen wipers
- Multi-functional TunePoint (MP3 connectivity)
- Bluetooth

**PRIVILEGE**
- Cargo space (front and rear seat)
- Driver’s sunglasses case
- Part leather upholstery

**ADDITIONAL STANDARD EQUIPMENT TO CORE FEATURES ABOVE**
- Auto activation of rear wiper when in reverse
- Child mirror
- Automatic parking brake
- Fog lights
- Footwell lighting
- Reading lights - front and rear
- Child mirror
- Electric rear windows
- Sun blinds on second row
- Driver’s seat lumbar adjustment
- Folding passenger seat
- Pockets on rear of front seats
- Aviation tables on rear of front seats
- Accessory power points in second and third row

**EXPÉRIENCE**
- 4 x 10W/20W radio CD MP3
- RearView
- Dark grey ‘Squares’ upholstery

**DYNAMIQUE**
- Carminat TomTom (3)
- Illuminated sun visor mirrors
- Electric folding mirrors
- Electrochrome rear view mirror
- Rear parking sensors
- Bi-Zone climate control
- Sliding centre storage unit
- Carpet mats (front and second row)
- Driver’s sunglasses case
- Part leather upholstery

- Storage trays under front seats
- Variable power-assisted steering

**TOMTOM EDITION ADDITIONAL STANDARD EQUIPMENT TO DYNAMIQUE (INCLUDES CORE FEATURES ABOVE)**
- Carminat TomTom (3)
- Illuminated sun visor mirrors
- Electric folding mirrors
- Automatic windscreen wipers
- Multi-functional TunePoint (MP3 connectivity)
- Bluetooth

**DYNAMIQUE**
- Cargo space (front and rear seat)
- Driver’s sunglasses case
- Part leather upholstery

**PRIVILEGE**
CONTINUOUSLY VARIABLE TRANSMISSION (CVT)

A continuously variable transmission makes for a smoother journey, as there are none of the usual breaks in acceleration when changing gear. It also improves fuel consumption, CO₂ emissions and acoustics.

These engines offer a top performance/consumption ratio and outstandingly quiet running.

New Scénic (Eco²) satisfies three criteria:
1. The vehicle produces CO₂ emissions lower than 140 g/km or operates on biofuels,
2. It is manufactured in an ISO 14001 certified factory, minimizing its environmental impact,
3. And it includes at least 5% recycled plastic in its plastic mass.

With Eco², Renault displays its environmental commitment at every stage of the life cycle of the vehicle. The vehicle has been designed in such a way that 95% of the materials used could have a second life (recyclable for other use or as a source of energy), and that pollution control at the end of the vehicle's life (in particular extraction of fluids) is made easier. Furthermore, this vehicle has parts made of recycled plastic and renewable materials.

As the market leader in safety, with ten vehicles in the range scoring the maximum five stars in the Euro NCAP safety tests, Renault offers an extensive range of models through the Motability specialists. If you’d like more information about these special services or about a specific vehicle adaptation, put us to the test right now by calling your nearest Motability Accredited Renault Dealer, you will find a commitment to personal service, facilities for easy access including ramps and wide doors, plus expert assistance from EN.

**FINANCE OPTIONS**

There are a variety of ways in which the purchase of a new car can be financed. Renault Finance offers a range of services, whether you’re a fleet buyer or a private buyer, Renault Finance is ideally placed to provide you with the right solution for your requirements and circumstances.

**SERVICE INTERVALS**

12,000 miles / 1 year

- 1.2 TCe 100 engine
- 2.0 TCe 180
- 1.2 dCi 106, dCi 110, dCi 130 (manual only on Scénic/ Grand Scénic), 2.0 dCi 150, 2.0 dCi 175 and 2.0 dCi 180 engines

16,000 miles / 2 years

- New Mégane – all engines except 1.0 8V
- New Megane 2.0
- New Scenic 2.0
- New Mégane 1.6

10,000 miles / 1 year

- All other engines in the range.

**ENGINES WITH OIL CONTROL SYSTEM (OCS)**

- 1.9 dCi 150, 2.0 dCi 175, 2.0 dCi 180 engine

OCS monitors driving conditions that directly afect the quality of your engine oil, protecting your diesel and petrol engines from premature wear. OCS allows Renault to extend service intervals for diesel engines from 12,000 miles / 1 year to 18,000 miles / 1 year, providing reduced maintenance costs for your vehicle.

**FINANCE SERVICES**

Renault offers an extensive range of additional equipment and accessories. Please visit our website www.renault.co.uk or refer to us at Renault UK Ltd, The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS. www.e-guide.renault.com
Although every effort has been made to ensure that the information contained within this brochure is as accurate and up to date as possible, Renault U.K. reserves the right to modify its models without notice, including their characteristics, specifications, equipment and accessories. Brochures inevitably become out of date or inaccurate in some respects, so that such characteristics, specifications, equipment, or accessories may be changed after the publication date given below and can differ from the descriptions given. It is therefore necessary to check with your Renault Dealer before purchasing any product that the characteristics, specifications, equipment or accessories of the vehicle on order are as advertised. Publication date July 2009.
